

Labour Press Forward with Plans to Close Both Our Swimming Pools in Ormskirk & Skelmersdale Join with Our West Lancashire in the fightback

Our West Lancashire
Putting residents first and foremost

Labour to close both Pools in March?

* 2800 children learn to swim each week in our swimming pools

* Every single neighbouring council runs swimming pools—why should we be the poor relation?

* The 2022 Building condition report for Park Pool stated that “Structurally the building appears in good condition”. A professional structural engineer has confirmed this to OWL.

* The promised new centres are delayed. They may never happen as there are no agreed designs or

finance. Even if they do, there could be a gap of 3-4 years.

* 20% of the local population report having a limited long term illness or disability, well above the national average. Deaths from circulatory diseases are 10% above the national average and for respiratory diseases 13%.

**Tell Labour Hands Off our Swimming Pools.
Turn over to see what steps to take**

3 STEPS YOU CAN TAKE TODAY

1 Respond to the consultation by 4th December. It only takes about 10 minutes and you can add your voice to what is shaping to be the largest-ever response to a public consultation in West Lancashire. The code to the right takes you straight there. If you would like a paper copy of the consultation they are available at both pools and the Council offices and Customer Service point or the link is here. <https://letstalkwestlancashire.uk/engagementhq.com/wellbeing-leisure-consultation/surveys/wellbeing-leisure-consultation>

2 Inform yourself—Our West Lancashire’s Briefing will give you extra information to help with your consultation response. <https://www.ourwestlancashire.com/wp-content/uploads/2024/10/wellbeing-and-leisure-consultation.pdf>

3 Help us spread the word

Pass this leaflet to a friend.

Contact us for some copies of these leaflets free of charge to distribute.
